The Neenah Boys' Cross Country team was led by Tri-Captains Eric Oakley, Tom Schaper, and Erik Scribner. The team had many good efforts within the conference and also in several invitationals. Morning practices at 6:15 a.m. emphasized distance runs and were followed by quality team workouts in the afternoon. Combining morning and afternoon workouts, daily average mileage was around 15 or more for each team member. The boys were very loyal about morning practices, and in the summer they had built a solid running base to get in shape for the cross country season. Special awards went to Eric Oakley, Most Valuable; Tom Schaper, Most Improved; and Erik Scribner, Spirit Award. Coach Jensen said, "If you measure the season by wins and losses, it was not very successful; but we know it was successful because the boys gave 100 percent."
