FINE FIRST SEASON

A new sport and a new school year began with a burst of fall colors as the 1958 cross country team put on their spiked shoes in preparation for their first season of conference competition.

Coach Ole Jorgensen's fine team took first place in four of seven meets, including the conference run. At State, NHS' Jim Quade came in third, helping our runners to capture sixth place.

The twenty-five boys, six of whom won letters, elected Jim Quade and Paul Poellinger as co-captains.

Paul Poellinger and Jim Quade find that cross-country running requires a great deal of conditioning.

The starter's gun goes off, the line of runners surges forward, and the two to three mile race is on.
